

Final Project – Software Engineering CS370

Queens College – Sprint 2025

Professor: Bon Sy

05/05/2025

3 stakeholder requirements

For Personal Habit Tracker

- 1- As a user**, I want to create, edit, and delete habits so that I can customize my habit list and keep it relevant to my goals.
- 2- As a user**, I want to set daily or weekly goals for each habit so I can stay consistent and feel accomplished when I meet my targets.
- 3- As a user**, I want to view my progress through streak counters and charts so I can stay motivated and visually track my improvement over time.

Our Group Members:

- Mohamed Hussein
- Asfandyar Ashraf
- Andrew Rengel
- Shiwlee Rahman
